ABOUT ME

Motivated and detail-oriented Bachelor of Computer Applications (BCA) student at Saveetha University with a strong interest in Web Development, Machine Learning, and Software Development. Skilled in HTML, CSS, Java, Python, and Microsoft Office tools, with hands-on experience in developing data-driven projects such as cricket performance and injury risk prediction systems. Eager to apply technical knowledge, problem-solving abilities, and communication skills to contribute effectively in a professional environment and gain industry experience.

EDUCATION

Viswaksena Vidya Vikas MATRIC Hr Sec School

HSC - 78.6%

SAVEETHA UNIVERSITY

BACHELOR OF COMPUTER APPLICATION - CGPA 75.7%

TECHNICAL SKILLS

HTML

CSS

JAVA

PYTHON

MS WORD

MS EXCEL

POWER POINT

PROJECT

Cricket player performance prediction

Developed a machine learning model to predict cricket player performance using historical match statistics and player data. Applied algorithms such as Random Forest and XGBoost for data analysis and prediction, achieving improved accuracy through feature selection and model optimization.

Cricket player injury risk prediction

Built a machine learning system to predict cricket player injury risk using historical player and fitness data. Analyzed injury patterns and developed predictive models to support player health management and performance optimization.
